January 27/2014

Dear Members,

Work Report

British Columbia

Talked to British Columbia on January 20th and they haven't gotten out of BC yet for hiring. They have said that they still need the Aluminum Welders and the Dispatcher tells me the trouble with hiring has to do with the camp.

Alberta

Last week I spoke with Kevin Levey about the website at Local 424. He said that he is going to put more information on the web site, example: If there is 50 calls on the site it will say flights or none. Hopefully we are going to see if there is 150 calls on the books and if he is outside the province it will say x number of jobs and we are now in New Brunswick (example). We then will know that he is in the Maritimes and the next calls will be coming to us.

Regina

There is not much going on right now, they say that there is work coming in the spring.

Saskatoon

There is no work, seems like whatever is there has gone non union.

Ontario

We have long forgotten about Ontario with their in Province hiring. We all know how that works. Ontario first and they make sure that that happens.

Maritimes

Not much to report there. None of us have any work with exception of Newfoundland. Long Harbor has started back on the second phase and they have 260 men on their books. So it may be late spring before something happens for us.
